Dear Students and Young People

Re Thank You!

We wanted to write to you to say a big thank you for helping everyone while we are asked to stay at home to keep us safe. We know you are all working hard at home with your school and college work. We have enjoyed seeing all the photographs and messages to say how well you are doing. We know you will be missing your friends and talking to the adults in your schools or colleges but are very proud of the way you are all staying at home so that we can see each other soon.

We have been speaking to your schools and colleges on a regular basis and they have told us all about the ways that they are keeping in touch with you and your families and we hope that you are finding this useful. We know that they are all missing you and looking forward to the time that you are in back with them.

We hope that you are all well and that you are staying safe. We know you might be worried or feeling sad so we are sharing some websites that might help you and your family. Please talk to an adult if you are sad or lonely. You can ask an adult to help you with these. Your schools and colleges have also been amazing during this time and they are also there to support you and you or your family can contact them if you have any worries.

We are sorry that we are unable to address this letter to you all personally but want you to know that this message is for each and every one of you.

WE ARE SO
Proud
OF YOU
