(WEX opportunities for this academic year 2021 - 2022 will continue to be dependent on COVID restrictions.)

Any parent, carer or employer who would like further information, please contact Barrie Murphy.

How does the school measure and assess the impact of the careers programme on pupils?

The school's Family Support Worker - Matthew Keane keeps in touch with colleges to track pupils' progress in their college education.

Staff assess the impact of the careers programme in many different ways including:

- The knowledge gained by students can be measured by their qualifications in accredited courses
- The students level of engagement in the various Work Experiences offered by the school
- The aspirations of students, discussed on an annual basis as part of the EHCP review process
- Students displaying greater knowledge of the world of work
- Students learning about their own strengths and areas for development
- The level of questioning from students regarding the world of work

Statutory requirements and recommendations

The careers provision at Bensham Manor School is in line with the statutory guidance developed by the Department for Education, which refers to Section 42A and 45A of the Education Act 1997.

This states that all schools should provide independent careers guidance from Years 8 -13 and that this guidance should:

- be impartial
- include information on a range of pathways, including apprenticeships
- be adapted to the needs of the pupil

In addition, the school is compliant with the careers guidance that the government set out for delivery from 5 January 2018: 'Careers Guidance and Inspiration for young people in schools.' This states that all schools must give education and training providers the opportunity to talk to students about approved technical qualifications and apprenticeships. Students in Years 9 & 11 will have individual careers interviews, conducted by careers advisers from the Education Development Trust.

Providers Access Policy Statement

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil entitlement

All pupils in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

Management of provider access requests

Procedure:

A provider wishing to request access should contact Kirstie Byrne, Deputy Headteacher or Barrie Murphy - Careers Programme Lead, Telephone: 0208 684 0116; Email: kirstiebyrne@benshammanor.com or barriemurphy@benshammanor.com

Opportunities for access

The school offers a comprehensive Careers Education, Information, Advice and Guidance programme.

Please speak to Barrie Murphy to identify the most suitable opportunity for you.

The school will make a suitable space available for discussions between the provider and students, as appropriate to the activity. The school will also make available ICT and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Advisor or a member of their team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature with the Careers Advisor so that they can be displayed in the Careers Section of the school library.

This information will be reviewed by the 1st July 2022.
